PLANNING COMMISSION**RESOLUTION***(Study Team on Prohibition)**New Delhi, the 29th April 1963*

No. 16(5)/63-PUB.—Article 47 of the Constitution lays down as Directive Principle of the State Policy that the State will endeavour to bring about prohibition of the consumption, except for medicinal purposes, of intoxicating drinks and of drugs which are injurious to health.

2. The Government of India appointed a Prohibition Enquiry Committee in 1955 to examine the experience gained regarding measures adopted by State Governments to promote Prohibition and to make recommendations for a programme of Prohibition on a national basis. The Prohibition Policy laid down in the Second Five Year Plan was based on the recommendations of this Committee as approved by the National Development Council. A Central Committee on Prohibition was appointed by the Government of India in 1959 and it met twice in 1960 and 1961. The Prohibition policy in the Third Plan has been formulated mainly on the basis of its recommendations.

3. The Government of India recently reviewed the position in consultation with the State Governments and decided that the working of the Prohibition programme should be studied for the country as a whole. Such a study will cover problems connected with the enforcement of Prohibition and Excise Laws, measures intended to reduce illicit traffic in liquor improving administrative efficiency and securing to the maximum extent public support for the programme through the cooperation of both official and non-official agencies.

4. The Government of India has accordingly decided to constitute a Study Team on Prohibition with effect from the 15th April, 1963 with the following terms of reference:—

- (i) To make an assessment of the magnitude of illicit distillation and illicit sale and other abuses prevalent in both wet and dry areas.
- (ii) To suggest practical measures for reducing illicit traffic in liquor and combating other abuses and malpractices.
- (iii) To advise as to how better implementation of the Prohibition Programme could be ensured through official and non-official agencies.
- (iv) To examine the existing legislations on Prohibition and make suggestions for removing defects and for securing effective enforcement.
- (v) To examine the existing administrative set-up in the States with particular regard to the personnel, their recruitment, their training, the powers entrusted to them in their methods of work.
- (vi) To make suggestions for securing to the maximum extent the cooperation of Voluntary Organisations in the implementation of the programme and mobilisation of people in support of Prohibition.
- (vii) To study the financial aspects of the Prohibition Programme, both in regard to the actual loss in excise revenue and the cost of enforcement.

5. The Team will consist of the following:—

Chairman

1. Shri Justice Tek Chand, Retired Judge of the Punjab High Court.

Members

2. Shri R. S. Krishnaswamy, Programme Adviser, Planning Commission.
3. Dr. A. M. Khusro, Professor of Economics, Institute of Economic Growth, Delhi.

Secretariat to the Study Team will be provided by the Planning Commission.

6. The Team will determine its own procedure for obtaining information from the Central and State Governments, other authorities and from individuals and organisations with experience of the working of Prohibition.

7. The Team will have its headquarters at Chandigarh, and will complete its work within six months time.

ORDER

Ordered that a copy of this Resolution be communicated to all State Governments, all Chief Ministers of States, Ministries of Government of India, the Prime Minister's Secretariat, and the Secretary to the President. Ordered also that a copy be published in the Gazette of India.
